世界銀行のデータ(2020年12月16日発表)に基づいて作成。

Access to electricity (% of population):

Access to electricity is the percentage of population with access to electricity. Electrification data are collected from industry, national surveys and international sources.

Access to electricity, urban (% of urban population):

Access to electricity, urban is the percentage of urban population with access to electricity.

Access to electricity, rural (% of rural population)

Access to electricity, rural is the percentage of rural population with access to electricity.
